**Chapter 390 - Pawn Shops**

**390.01 Purpose.** The city council finds that use of services provided by pawnbrokers provides an opportunity for the commission of crimes and their concealment because pawn businesses have the ability to receive and transfer property stolen by others easily and quickly. The city council also finds that consumer protection regulation is warranted in transactions involving pawnbrokers. The city council further finds that the pawn industry has outgrown the city's current ability to effectively or efficiently identify criminal activity related to pawn shops. The purpose of this chapter is to prevent pawn businesses from being used as facilities for the commission of crimes, and to assure that such businesses comply with basic consumer protection standards, thereby protecting the public health, safety, and general welfare of the citizens of the city.

To help the police department better regulate current and future pawn businesses, decrease and stabilize costs associated with the regulation of the pawn industry, and increase identification of criminal activities in the pawn industry through the timely collection and sharing of pawn transaction information, this chapter also implements and establishes the required use of the automated pawn system (APS).

**390.02 Definitions.** When used in this article, the following words shall mean:

Pawnbroker: Any natural person, partnership or corporation, either as principal, or agent or employee thereof, who loans money on deposit or pledge of personal property, or other valuable thing, or who deals in the purchasing of personal property, or other valuable thing on condition of selling the same back again at a stipulated price, or who loans money secured by chattel mortgage on personal property, taking possession of the property or any part thereof so mortgaged. To the extent that a pawnbroker's business includes buying personal property previously used, rented or leased, or selling it on consignment, the provisions of this chapter shall be applicable.

Reportable transaction: Every transaction conducted by a pawnbroker in which merchandise is received through a pawn, purchase, consignment or trade, or in which a pawn is renewed, extended or redeemed, or for which a unique transaction number or identifier is generated by their point-of-sale software, is reportable except:

- (1) The bulk purchase or consignment of new or used merchandise from a merchant, manufacturer or wholesaler having an established permanent place of business, and the retail sale of said merchandise, provided the pawnbroker must maintain a record of such purchase or consignment which describes each item, and must mark each item in a manner which relates it to that transaction record.
- (2) Retail and wholesale sales of merchandise originally received by pawn or purchase, and for which all applicable hold and/or redemption periods have expired.

Billable transaction: Every reportable transaction conducted by a Pawnbroker except renewals, redemptions or extensions of existing pawns on items previously reported and continuously in the licensee's possession is a billable transaction.

**390.03 License Required.** No person shall engage in the business of pawnbroker at any location without a pawnbroker license for that location. No pawnbroker license may be transferred to a different location or a different person. Issuance of a license under this chapter shall not relieve the licensee from obtaining any other licenses required to conduct business at the same or any other location.
